

**Luca's Ristorante Italiano** captures the essence of the Italian lifestyle – colourful and flavour-filled. Luca Borella, the prolific hands-on owner, honours century old traditions essential to authentic Italian cuisine - simplicity and passion!

The menu, brushed with Tuscan influence spoils you with classic fresh pasta, seafood, meat dishes and exotic delicacies that tickle your palate.

Food is fresh and, as far as possible, homemade. The specialities and well prepared food are complimented only by a collection of South African and Italian wines (with over 200 wines to choose from) gathered specifically to please you. Luca's promises you the ultimate Italian experience!

A grand wood-burning oven delivers pizzas that delight the gods (we make a calzone to die for!) and the specialities will have you coming back for more. There are a variety of specialties to choose from, they include a rabbit casserole served with polenta and lamb that is roasted in coffee and apricot.

Luca's can cater for your home or office parties. The restaurant can seat about 200 people, or we can bring it to you! Winter months see you being kept warm with gas heaters, and in the summer you can enjoy warm afternoon lunches and evening dinners outside under the magnificent London Plane trees.
