SAGGY STONE *Japroom*

SAGGY STONE

Saggy Stone is a craft brewery based in the

May Valley near Roboetam.

We pride ourselves in

brewing all our beers, only

using fresh spring water

from our mountain.

The Saggy Stone team kicked

off in 2007. After the founders,

two brothers Phillip and

William, decided to lay a firm

foot with the intent of growing

and expanding into the growing

market of craft beverages

supported in the Australian

Outback's rugged and

diverse to avoid to become

homebrewing fans!

"Love brewing beer"

It was Phillip's recipe and

William's 12 year old as a baker

that returned our perfected

the art of all grain brewing.

The beer was brewed using the

family's bush mountain water

which combined them that they

were on to something great.

Plus, much filtered spring water

that flows over the smoothest

granite is the key to a great

tasting craft beer and so the

mountain water

makes better beer.
