Enjoy a hearty breakfast or café style lunch on the sunny veranda with a view of the town square and rose garden. Catch the buzz of town where locals and visitors meet to Eat Sleep Shop.

Dining lounge

View a series of historic black and white photographic images in an understated interior of contrasts – rustic raw brick walls and French inspired crystal chandeliers. Snuggle in front of the fireplace and enjoy a cappuccino on the cosy couch or share the intimacy of small tables with views of the bustling town.

Courtyard

The courtyard offers a shady, secluded spot with the sound of gently gurgling water from the beautiful lily pond with gold fish – a welcome respite on a hot summer's day.
