# A TASTE OF THE WILD Serengeti's

## a la carte MENU

*Fresh ingredients - locally produced and procured*

### *Rewilding the Lost Wilderness*

Garden Route Game Lodge is the realisations of a dream come true for owners, the Doherty and Apteker families.

Started in 1999, Garden Route Game Lodge became the first private game reserve in the Western Cape and Garden Route region to offer big game viewing safaris.

The game reserve started as an ambitious project to restore an area of old farmland and stock it with wildlife that had previously occurred there. Recognising the potential of the land the families embarked upon a journey that would involve consultation with a host of botanists, scientists and ecologists.

A study was conducted with the emphasis on sustainable utilisation, long term conservation of the remaining natural habitats and the rehabilitation of already over grazed lands. Once completed the carrying capacity of the game reserve was determined and the stocking program could begin.

Over the past 15 years the reserve has expanded by acquiring neighbouring farm lands and incorporating them into the game reserve. In doing so we have managed to create more habitat for our wildlife while at the same time attracting smaller indigenous mammals and bird species from surrounding farms. In a remarkably short time a rejuvenated wilderness has emerged that has once again become home to wildlife that once roamed here.

From humble beginnings Garden Route Game Lodge now provides employment for 80 families from the local community and has become a favourite safari destination among local and foreign travellers

## SALADS

All our salads are made with a selection of crisp garden greens, enhanced by a variety of delectable toppings. For an even healthier option, ask your waitron to keep the dressing on the side!
