IT ALL BEGAN WITH FRESH BAGUETTES ON A MADAGASCAN BEACH

While on a surfing holiday in Madagascar, an old man on a rustic green bike pedalled past us, his basket stacked high with fresh baguettes. In one sunny afternoon, we fell in love with artisanal bread, and decided to bring our cherished memory back home. Vovo Telo, named after the hotel we stayed in, was born. Since then, we have strived to bring scratch baking, traditional methods and only the best ingredients into our freshly baked breads and pastries so people can enjoy that simple fresh taste that we first experienced in Madagascar, every day.
