

## Craft Beer on tap

### PUMPKIN ALE (33)

The colour of autumn leaves and the first whiff slips you in the nostrils with autumnal aromas of cinnamon and nutmeg. It follows up taste wise, though the pumpkin pie flavours are well balanced with hop bitterness, leaving the beer highly drinkable & never over sweet. A superlative food beer that pairs perfectly with all manner of spice dishes

### BOSTON LAGER (29)

A full flavoured lager with a brazen, rounded maltiness, leaving a highly drinkable brew that's less dry than a lot of lagers.

### JOHNNY GOLD WEISSBEER (34)

Brewed in the Hefeweiss style. Straw coloured with a foamy white head. Bananas and bubblegum hit you on the nose and both flavours, plus a hint of cloves hit you on the second sip.

### ROCKHOPPER IPA (34)

The Amarillo hops are used, giving this beer its distinctive aroma and bitterness, unlike most IPA's this one does not use roasted malt, hence the colour

### WILD HONEY BLONDE (33)

A crisp, malt-forward beer that's ideal as a summer quaffer. The dry finish is well balanced with a hint of sweetness that comes through seconds after you swallow.

### NAKED MEXICAN (32)

A clear, golden lager with a mild malty aroma. This beer is great for dousing the summer heat, or the heat from spicy foods, perfect for the grilled jalapenos!
