PINKS

"Blush" or "rosé", whatever name you give them, they're usually made from red grapes that are only allowed to ferment a few days too short a time for the grape skins to impart a deeper colour to the wine. The result is a pink, fruity wine that's best served chilled & goes superbly with poultry, seafood, & spicy dishes

ROBERTSON ROSÉ 130

a pale salmon pink colour with a fresh, lively floral character

NEDERBURG ROSÉ 135

light-bodied, semi-sweet salmon coloured wine

BOSHENDAL BLANC DE NOIR 145

vibrant salmon pink with enticing crushed summer berry aromas

CHENIN BLANC

This is one of our most versatile white varieties. Generally these wines are simple, soft crisp & fruity hints of tropical fruit, melon, apple, almonds, honey & floral notes can be sensed on the nose. Enjoy with seafood, spring rolls & salads; the more full-bodied wines go particularly well with chicken & spicier dishes

SPIER 140

aromas of guava & tropical fruit with subtle hints of kiwi

KEN FORRESTER PETIT 150

a youthful fresh wine with quince & pear drop flavours

DURBANVILLE HILLS 180

this wine holds aromas of soft guava, passion fruit, apricot, peaches, citrus & lime aromas

SEMI-SWEET

The sweet wine has a golden colour, is vigorous, fruity and fresh. Vouvray is made from Chenin Blanc grapes (Pineau blanc de la Loire). Sweet vouvray wines include Demi-Sec (semi-dry), Moelleux (sweet, botrytized) and Doux (sweetest, botrytized & heavy or syrup like).

DE KRANS MOSCATO PERLE 165

SAUVIGNON BLANC

With naturally high acidity, Sauvignon Blanc is always tangy, tart, nervy, racy or zesty & this character pervades even sweet & dessert versions, keeping them from being cloying & sticky tasting. Sauvignon Blanc is probably the best dry white wine to accompany the greatest variety of foods.

WHITE BLENDS

By definition, blending wine simply means you are combining two or more wines to create a new one. To enhance aroma, improve the colour, add or minimize flavours & tastes, adjust the pH of a wine, lower or raise acidity, raise or lower alcohol levels, adjust the sweetness of a wine & to correct a wine with too much oak flavour.

LEOPARDS LEAP CHARDONNAY PINOT NOIR 175

a burst of bubbly flavours of strawberry, raspberry & citrus

CHARDONNAY

Rich is the word that best both describes Chardonnay & explains its popularity. Its aroma is distinct, yet delicate, difficult to characterize, easier to recognize. Chardonnay is usually dry, & goes best with poultry or seafood, like lobster or scallops. It can even go well with a light red meat dish. Good cheeses for Chardonnay include Gruyere, Provolone & Brie.

LABORIE 145

zesty juice flavour, bit of leesy bounce & oak spice

DURBANVILLE HILLS 165

creamy caramel, hazelnut hues

FAT BASTARD 215

TOKARA 250

CABERNET SAUVIGNON

The outright favourite with any full flavoured red meat - steaks, grills, roasts & stews. Cabernet Sauvignon are dark & flavoursome. The new releases are easier to drink in their youth. Enjoy flavours of blackcurrant, blackberry, cedar, cigar box, lead pencils, green pepper & mint. Chocolate, tobacco & olives are very often also present.

ROBERTSONS 170

smooth, full-bodied style with rich mulberry, plum & cassis supported by soft tannins

DURBANVILLE HILLS 190

TOKARA 285

aromas of dried cranberry, red currant & subtle cassis on the nose complimented by underlying notes of fresh herbs & tobacco spice

LA MOTTE 330

blackcurrant, violets, mint & a hint of plum dominate the varietal scent

PINOTAGE

The result of a cross between the Pinot Noir & Cinsault varieties. Pinotage was created in South Africa in 1925, by Stellenbosch University Professor A.I. Peroldt. Pinotage has a distinctive flavour, very fruity with an underlying taste frequently compared with banana. It can be drunk young, to maintain its fruity flavour. It also ages well, & the mellowing effect allows the wine to taste like a mature Bordeaux. Pinotage works well with stews & other rich dishes.

KEN FORRESTER PETIT 155

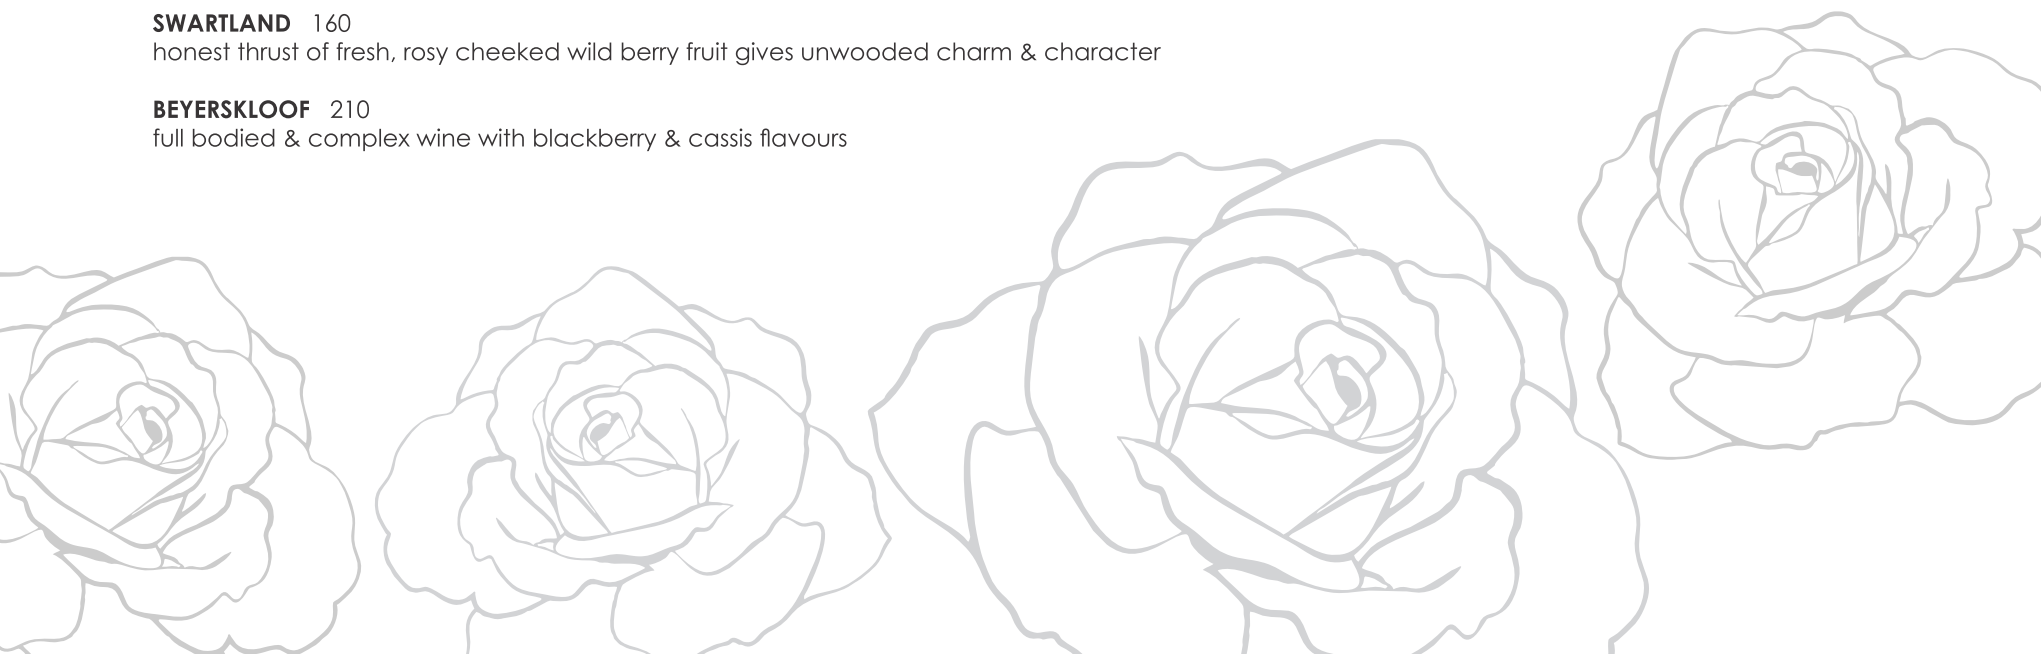

aromas of spicy mulberries, plum pudding & cherries, supported by smoky bacon nuances

SWARTLAND 160

honest thrust of fresh, rose cheeked wild berry fruit gives unwooded charm & character

BEYERSKLOOF 210

SHIRAZ / SYRAH

Shiraz & Syrah is a variety of grape used in wine. It got its name from Shiraz – the city of flowers, wine & poetry located in the heart of an ancient winemaking region. Shiraz forms intense wines, with deep violet, nearly black colour, chewy texture & richness, & often alcoholic strength, with aromas that tend to be more spicy than fruity.

SWARTLAND 160

ripe-berry, vibrant & youthful with firm tannic texture

DARLING CELLARS “BLACK GRANITE” 175

aged in french oak this wine always delivers on quality & complexity

SARONSBERG PROVENANCE 260

MERLOT

Merlot is the name of a red grape which traces its ancestry to the biturica variety. This was brought to France in the first century. From this stock came many of the varieties we know today - Cabernet, Malbec. The “Merlot” grape was not named as a distinct variety until the 1800s. It is known as a Noble Bordeaux varietal. It is a perfect match for beef & other medium-heavy dishes.

beautiful ripe blackberry & dried fruit aromas along with spicy undertone

MEERLUST MERLOT 650

blue berry & black cherry bouquet, with a hint of minerals & cedar wood

RED BLENDS & OTHER VARIETIES

Some single varietals are made for blending: Winemakers will often make a barrel of Malbec, Cabernet Sauvignon, Merlot or other wines solely for the purpose of blending. As the grapes are being harvested, a winemaker determines what they think will be the best formula for a blend
