

---

Please notify us of any allergies or dietary restrictions.

Due to the volumes that we handle during peak hours and our insistence that our quality standards are maintained, it might take slightly longer to prepare your meal when all our tables are occupied.

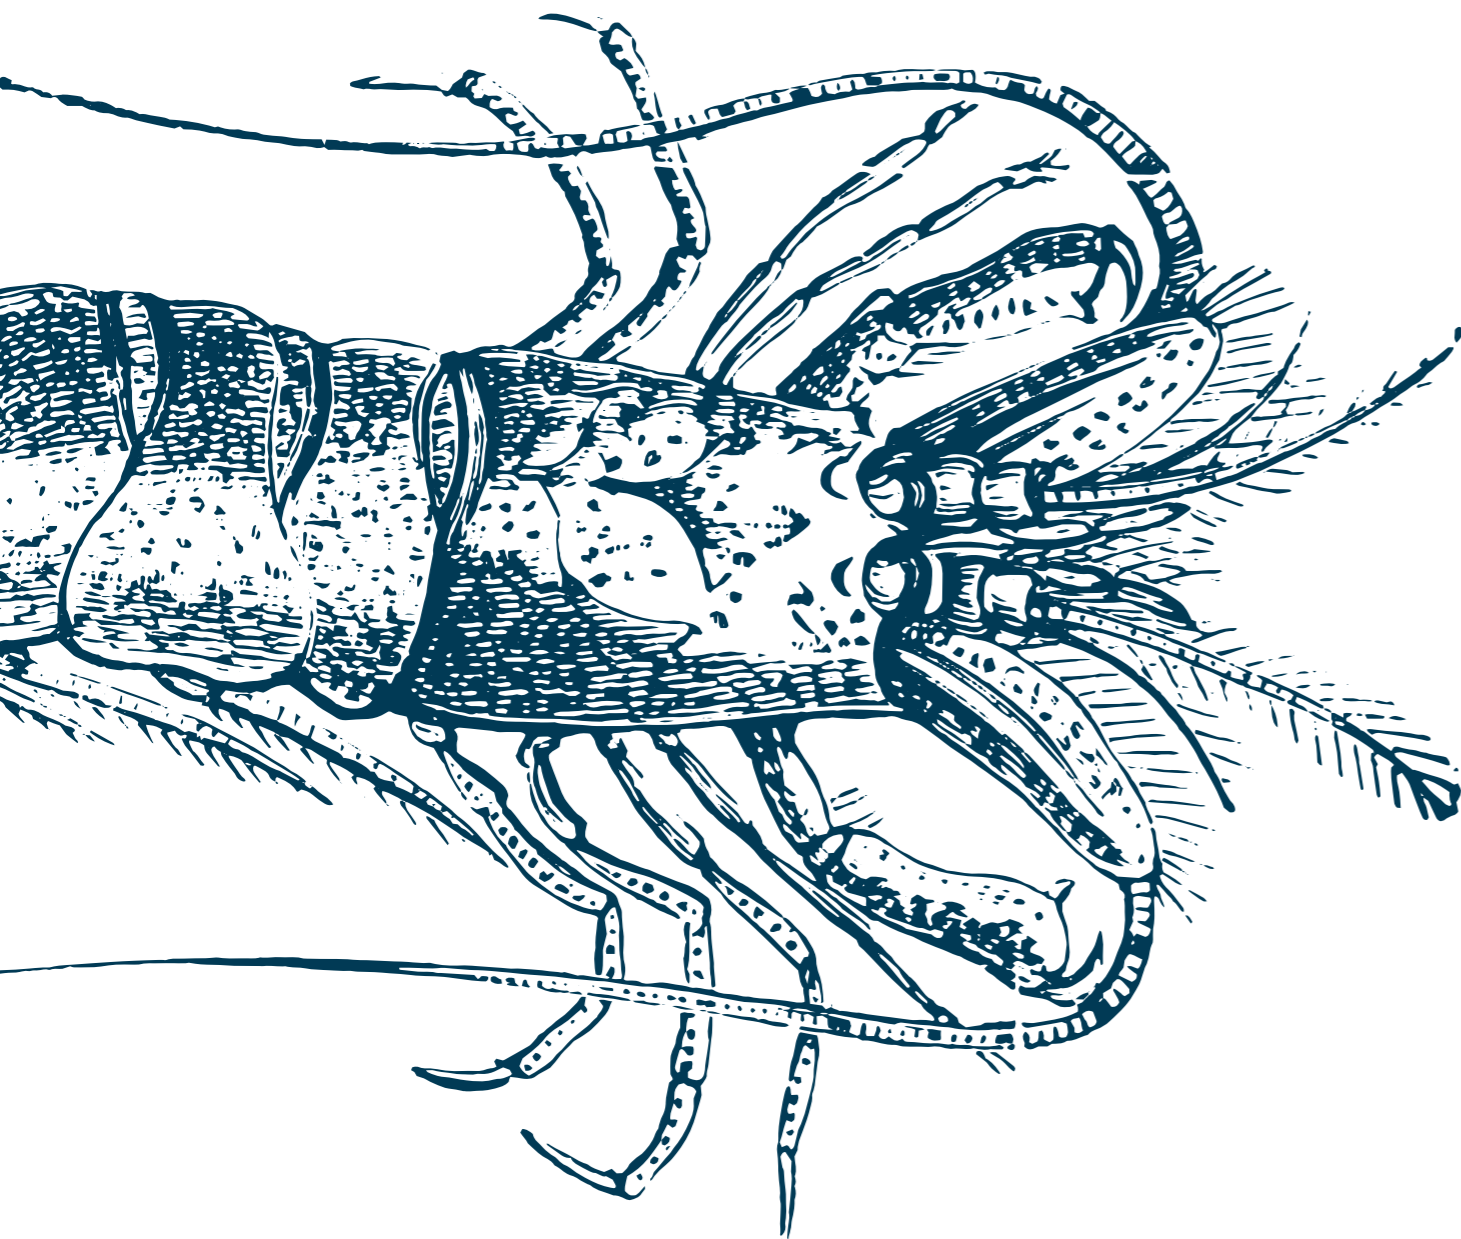

Unfortunately deviations from the menu may result in extended preparation time and additional cost. The general norm for the tipping of a good waitron service in South Africa is 10% of the total bill amount. Exceptional service could be rewarded at higher levels whilst poor performance should not be rewarded. A service fee of 10% will be included in the bill for tables of 6 adults or more.
