### Environmentally friendly left-over box R3

Our takeaway containers are eco-friendly. While better for the planet, they do cost more so to avoid increasing our prices we pass it on to only eat-in customers wanting to take leftovers. We make no profit on this & meet you half way with our cost being R6 per container. If you dine with us often we welcome you to bring your own container to reduce wastage. Thank you for understanding.

**We love craft beer so much that we can't help but cook with it - see what it's all about! Try our food prepared from our locally brewed beer. Please note: food may take up to +- 40 minutes to prepare when busy. \* {PB} PLANT BASED {V} VEGETARIAN**
