# **Breaking the rules of Art!**

Living Artist Emporium was established to develop emerging artists via a sustainable platform that provides materials, workspaces, events, exhibition outlets and resources. Lack of resources, guidance and artistic direction are all factors emerging artists are facing today. Living Artist Emporium (LAE) is addressing these challenges by supplying the necessary infrastructure, guidance and tools to enable emerging artists to create cutting edge contemporary art and build their careers.

Our slogan "Breaking the rules of art" is against the grain of the norm. Today there are so many new and diverse ways of artistic expression that we asked the question of what the rules of art are and who is making them? We decided to follow our own path by pushing the boundaries and will break any supposedly rule of art that is prescribed to us. With this platform LAE is creating new ground in the art industry by offering high quality contemporary art as an investment for the future and to make art accessible to all. Today Living Artists Emporium is a leading specialist in Emerging Contemporary Art.

In support of emerging artists, the owners of City Perk Café kindly exhibit works on a regular rotating basis.

### All artworks on display are for sale
