Great Italian Food

Since 1990

Benvenuti alla Storia Della Nostra Famiglia

In this the commemorative 20th year in Scottburgh we would like to share some family anecdotes ..

It all started a few decades ago when a young Enzo straight out of school and undecided on a career path had started experimenting and finding his passion working alongside as a junior learning the restaurant industry, when the spark was ignited, soon after with the help of his mamma (fondly recognised today as mamma Enzo or simply nonna) embarked on an adventure of the unknown ...It all started on the west rand in Gauteng where they soon became the venue of choice ...they soon expanded to a second outlet in Gold Reef City before the major move to KZN where in a tiny town of Scottburgh he soon became renowned and their

authentic cuisine consisting mainly of their delectable crispy wood-burning pizzas, the original establishment on Marine Terrace became an institution for locals and tourists alike and in time it was evident when directing people to this idyllic part of the coast that it was in fact where ENZO'S PIZZERIA is ...the menu has expanded over time as has the premises when sadly the old landmark building was sadly demolished and they moved into the current premises. Nothing has changed as far as the food goes and to this day both Enzo and Mamma are ever-present and the menu extended greatly to cater for the varying tastes however noting that the signature pizzas, world-renowned succulent oven roasted ribs have become a firm favourite and not to mention mamma's pastas still made in-house with the greatest of passione!! Today people stream in from all corners of the world to discover La Dolce vita and some authentic cuisine influenced directly from our tiny village of Guglionesi on the Adriatic coastline straight to you on the Indian Ocean where he will strive to continue the legacy for years to come...Grazie for taking time to read.

Buon Appetito!!

Trattoria ,tratə'ri:ə/

A trattoria is an Italian-style eating establishment, less formal than a ristorante, but more formal than an osteria. There are generally no printed menus, no table setting and the service style is casual and family orientated, emphasis is on a steady clientele rather than on haute cuisine. The food is modest but plentiful (mostly following regional and local recipes) and in some instances is even served family-style. A true Italian style eatery by true passionate Italians.

A trattoria may also offer a take-away (porta via) option for patrons to enjoy in the comfort of their homes.
