BOTTLED CRAFT BEER | CIDERS | COOLERS

AGAR'S BREWERY

Agar's Brewery opened its doors on 1st August 2014. The Agar family has a long tradition of brewing, dating back to 1852 when Charles Agar brewed pineapple beer in Durban. Mike Agar, the Brewmaster, has been brewing for over 20 years, and developed this passion whilst watching his grandfather brew. Agar's Brewery only uses the finest ingredients sourced from around the world.

Jozi Blonde - This blonde ale is a smooth, easy-to-drink beer with some fruity notes. 440ml 4.5% Alc	46
Red Ale - Agar's Red Ale is styled on the American Amber, and is very drinkable with loads of citrus and spicy hops flavours. 440ml 5% Alc	55
Warrior IPA - The malt profile is generally clean and simple with just enough caramel sweetness to provide support. 330ml 6.5% Alc	55
Wildberry Ale - A refreshing summer ale that combines premium malt and hops with fresh strawberries and raspberries. 330ml 4.5% Alc	42

TRAPPIST ALE AND THE 3 RULES

The Koningshoeven Brewery is one of the few Trappist breweries in the world authorised to use the 'Authentic Trappist Product' logo. Because ale can only be called Trappist ale when it has been brewed between the four walls of a Trappist monastery, under the supervision of the monastery's monks, and when part of the proceeds are earmarked for charity. Pure and honest. And that's reflected in the taste.

La Trap Blond - La Trappe Blond is an agreeable, tingling ale with a slightly sweet, softly bitter and malty taste. 250ml 6.5% Alc	55
--	----

ST LOUIS

"On 1st January 2009, at the ripe old age of 79, Luc Van Honsebrouck passed on the mashing stick to his son Xavier (born 1967). By that time, Xavier had been working within the brewery for over 20 years, primarily in sales and exports and then gradually taking over management duties from his father. When "mister Luc" was in charge of the brewery, visiting journalists were received by the Brewmaster or a member of the marketing team. Only at the end of the tour would Luc make an appearance in the tasting room to offer a round. These days it is Xavier himself who welcomes the guests, makes a pot of coffee and pours the beer. "Do you know what the numbers 7 - 4 - 2 stand for?" Xavier asks. "I am the seventh brewer in the Van Honsebrouck family, the fourth to wield the mashing stick and the second one who only produces speciality beers."

St Louis Premium Kriek - a Kriekenbier or cherry beer made on a lambic base. A quarter is the juice of Oblacinska cherries that have been steeped in gueuze for six months. 250ml 3.2% Alc	55
