

# EAGLE WEISS

- **STYLE: WIT**
- **ABV: 5%**
- **TASTE: FRUITY**

At Wild Clover Brewery, we take great care in hand crafting our beer to perfection. A type of excellence perfectly embodied in our eagle-eyed brew master. \_It's only with his great vision, focus and dedication that we could create something as special as this Fruity Wit. \_While wheat beers are traditionally an Ale, we decided to spread our crafty wings and create a Wit done as a lager. \_This recipe, securely gripped in our brew master's claw, ensures a light and easy drinking beer that appeals to all beer lovers. \_Our Eagle Weiss has the typical fruity character of a Weiss beer, with a strong banana undertone. \_When it comes to pure enjoyment, this unfiltered Wit is on top of the pecking order.

# BLIND MOLE

- **STYLE: PILS**
- **ABV: 5%**
- **TASTE: TROPICAL**

Even though the muse from down-under behind this Crispy Pils is blind, it's easy to see why it's such a crowd pleaser. \_As our confident and courageous entertainer will attest, it's good to keep things light. \_Perfect for those long lazy summer days, this refreshing Lager brewed with the revered Saaz Hop reveals fresh tropical flavours and a well balanced bitterness that hit all the right notes. \_While our little underground MC might be on the small side, he has made friends up and down the food chain and is considered a welcome member at any table. \_So it's safe to say that the heart behind this flavourful, unfiltered Pils is in the right place.

# DOUBLE OWL

- **STYLE: ALE**
- **ABV: 5.5%**
- **TASTE: CITRUS**

Did you hear the one about the two owls who walked into a tasting room? \_Well, it's a long story best enjoyed with this brown ale in hand. \_Because if our two feathery local patrons have taught us anything, it's that you shouldn't watch the clock when appreciating the good things in life. \_This is something we also took to heart when finding the perfect balance between the malt and hops used in our flagship beer. \_This resulted in a fresh citrus character on the nose followed by a classic nuttiness on the palate which will linger for quite some time – which is just the way the night owls among us like it. \_So sit back with a friend and let the taste of this unfiltered Ale inspire you to truly savour the moment.

# BLACK DOG

- **STYLE: PORTER**
- **ABV: 5.5%**
- **TASTE: COFFEE &  
CHOCOLATE**

Black Dog is not only the name of our flavourful, unfiltered Irish style porter, but also refers to our trusted protector – Zach. \_He’s in charge of security related matters around the brewery. \_So when he’s not sleeping with one eye open, he’s known to brave his day-to-day duties while puffing away on a pipe. \_This is quite fitting as the black beer he inspired boasts with a distinctive smokiness on the nose. \_The rich dark palate with hints of coffee and chocolate rounds this porter off as a perfect winter beer. \_And with its slightly sweet character, this beer is best paired with meat dishes, baked desserts or even quality dark chocolate. \_It will only take one sip for you to get to know man’s other best friend – this Smokey Porter from Wild Clover Breweries.
