PIE HEAVEN

At Lillies Bakery, we specialise in creating wholesome “home-made” South African pies. We hand-roll our own pie dough and create every sauce from scratch (even our salts are a special combination that will tickle your taste buds). We bake all our pies fresh every morning and have a selection of over 15 flavours on offer. To keep our chefs on their toes, we pick a 6 flavour selection every morning for display so please ask any of our Lillies staff for more information on what flavour surprise is on the menu today.
