

# Welcome to Miss Grace Country Food House

A family-owned pet-friendly country eatery established in November 2012,  
on the family farm in Eikenhof.

It only seemed natural to start this venture on this much loved property,  
one where the family grew up on & also established their  
other family-run business, Thornbirds in 2003.

Miss Grace is named after the family's French Bulldog, Daisy Grace,  
& the setting surrounding the eatery gave name to  
Country Food House. The old horse stables were converted  
into this now charming, stone building surrounded by  
lush gardens & an abundance of birdlife.

"We have always had an absolute love for our animals, our gardens & delicious fresh food.  
This is very prominent throughout the theme of the eatery & its surroundings  
& we are delighted that we are able to share this with our patrons.  
Miss Grace is dedicated to our pets, good,  
unpretentious food & to Mother Nature".

Miss Grace would like to invite you, your family, your friends & your furry-friends to indulge  
in good company, great food & a relaxing, beautiful country setting.

.....

Miss Grace is dedicated to all of our loving pets, those who have left us & those who are still with us...
