TEQUILA Certain products are subject to availability. Tequila is a distilled spirit made from the blue agave plant. This is not a cactus but a relation of the lily. The best tequila is made from 100% agave. There are three main categories of tequila:

Blanco – A pure, distilled spirit that has not been aged.

Reposado – Literally translated as 'rested'. This spirit has been aged for a minimum of 60 days in oak, but is often aged for up to a year.

Añejo – literally translated means 'aged'. By law it must be kept in oak for a minimum of one year, but it is often aged for much longer.

Avion	R 50
