# WINELIST

Fredrik Ernst von Kamptz was a German sailor from Deven close to Mecklenburg, Germany. He was left behind in the Cape at the Dutch settlement that served as a refreshment station to enable sailors with illness or scurvy to regain their health.

As von Kamptz's health returned, he wooed the widow of Johan Jan Lodewyk Wernich, owner of Ravensteyn on Roodekrantz, the first farmhouse in the area we now know as Camps Bay. Johan inherited the farm from his father who was granted the land by his father, Joachim Wernich, Burgermeester of Bismark.

The wealthy, lonely widow with her six children was won over and von Kamptz was soon the proud owner of the estate. The area became known as "Die baai van von Kamptz", which eventually evolved into "Camps Bay".

Welcome to Camps Bay Retreat. The combination of fine dining and select wines are two of the greatest pleasures in life, encouraging good times, fond memories, love and laughter! Competing on a world stage, wines from the Cape wine region are amongst the top ranked wines in the world and in conjunction with Camps Bay Retreat's Wine Partners, the wine list at Retreat Kitchen has been carefully chosen in order to showcase the best wines and selected vintages of the region.

Aromas and mouthfeel are carefully explained, encouraging our patrons to choose their wine armed with the knowledge and understanding of each note and tone. Experience our wine culture by visiting our Wine Partners on an exclusive tour in the winelands or as an armchair traveller, transported by the glass of wine you are about to hold in your hand.

*"Accept what life offers you and try to drink from every cup. All wines should be tasted; some should only be sipped, but with others, drink the whole bottle."*

### **GLEN CARLOU UNWOODED**

**R220**

This Unwooded Chardonnay exhibits subtle green melon and lemon lime characters on the nose. The palate consists of peach and honey with a tang of green apples. The richly textured creaminess and length is generated by extended lease contact in the cement tanks prior to bottling, allowing the fruit to express itself with little human intervention and little preservative being used throughout the maturation period.
