THE REDROCK BREWING CO.

RUSTY TRIGGER THE LAGER	35
-------------------------	----

At last, an easy to drink, craft lager for true fans of great flavoured brewing. Inspired by Willie Nelson and more specifically his favourite, beat up Martin N-20 guitar (which he nicknamed “Trigger”), Rusty Trigger Lager delivers a taste as unique as Willie himself.

STORM RIDER THE PILSNER	35
-------------------------	----

Storm Rider Pilsner takes its cues from the great Czech Pilsners and is specially cold filtered to be easy drinking – the calm after the storm. This is REDROCK’s version of the Monday beer aptly named after the legendary New York overnight DJ, Allison Steele, who always played “Riders on the Storm” on Monday nights, if it rained.

NINE INCH ALE	38
---------------	----

Nine Inch Ale is light mahogany in colour with a deliciously distinctive malt flavour. When it comes to expert brewing, Nine Inch Ale certainly doesn’t disappoint and, like all our beers, it’s cold filtered to ensure fuller flavour and refreshing crispness, all of which should be loud music to your mouth. Rock on!

BAD MOON CRYSTAL WEISS	38
------------------------	----

Bad Moon releases classic malted-wheat flavour notes while the addition of other imported malts adds an even deeper complexity which has to be experienced, first hand. A clear, easy to drink, Weiss beer is expertly brewed to be enjoyed by many different palates, on any occasion. Cold filtered for fuller flavour, it’s time to reach for the classic.

FIREBIRD IPA	45
--------------	----

The REDROCK brew master personally hand selected two Belgian malts, Crystal and Chateau Arome, to add distinctive colour and depth of flavour in creating this highly refreshing, easily quaffable IPA. Cold filtered for a consistently clean and clear finish.
