Eclair  
Crème brulee  
Mille feuille

## TEA

### **Gunpowder Mint**

Gunpowder tea is slowly dried in rotating drums into a very tight ball. In this classic North African-style blend, it is blended with dried spearmint to enhance its slightly dry and fresh flavour

### **Liquorice Ginger White**

This grassy and mature white tea from the lands of Malawi is blended with ginger from India and ended off with liquorice root pieces to enhance lingering sweetness and gentle spiciness after each sip

### **Irish Breakfast**

This blend of tea is traditionally strong and brewed with intensity and enjoyed normally with sugar and milk. The teas used in the blend are from Assam regions to produce deep red colours.

### **Lady Grey**

Earthy black tea with gentle bergamot flavours and a touch of pink roses, the smooth and soft liquor of Lady Grey lingers in our body after each sip

### **Forest Berries**

Blueberries, raspberries, blackberries, strawberries, apple and hibiscus. Powerful fruitiness shines through each sip.

### **Mango Rosehip Rooibos**

Creaminess of mango paired with the woodiness and grounding energy of rooibos finished with a touch of rosehip and rose petals makes this an everyday cup of astonishing tea experience.

### **The Bailey Exclusive**

Connection to the energy of rich history and attention to detail at 'The Bailey', this tea combines innovation and elegance with playfulness and depth. Flavoured rooibos with caramel, banana, apple and flowers is a wonderfully curated blend with deep tea appreciation.

### **Lemon Lemongrass**

Honeybush Citrus notes of lemon combine with the grassy lemongrass to form a firm foundation of connection upon the earthy and grounding honeybush
